ICSG Online Statistical Database

ICSG maintains one of the world's most complete historical and current databases with statistics on copper production capacities, data on copper mine, smelter, refined and semis production, usage, stocks, prices, recycling and trade for copper products. In 2012, ICSG launched its **ONLINE STATISTICAL DATABASE** that gives subscribers the opportunity to have direct access to detailed ICSG historical data. It offers subscribers specific data extraction tools that enable users to download the data they require with the layout best suited for their analysis. The online database presents country statistics back to 1995 on a monthly/annual basis.
