

ICSG DIRECTORY OF COPPER MINES AND PLANTS (semi-annual)

The Directory of Copper Mines and Plants highlights current capacity and provides a five-year outlook of forecasted capacity for over 1,000 operating and planned copper mines, smelters and refineries on a country by country basis, including separate tables for SX-EW plants. Salient details for each operation are included and the Directory separates operations between Operating, Developing, Feasibility or Exploration status. Salient details for each operation include information on ownership, start-up/closure date, process, by-products, concentrate grade, smelter/refinery feed and latest available information/developments on each mine, smelter and refinery.

The subscription price for the annual service (2 issues) is €550 for subscriptions originating from institutions based in ICSG member countries* and €850 for subscriptions from non-ICSG member countries. Single copies are available for €400 per year (ICSG member countries*), €700 per year (non-ICSG member countries).

The Directory is available in PDF and Excel formats.
